

**XTRI**  
WORLD  
TOUR

**2023**  
**EVENT MANUAL**

**SATURDAY, September 9<sup>th</sup> 2023**

**BLACKLAKE**  
XTREME TRIATHLON MONTENEGRO

Note: This manual is intended to be as comprehensive as possible, but the nature of the local weather, race course and the area it takes place in means that it is not possible to be 100% accurate on all matters. The important details are correct though. There will also be a compulsory race briefing where any last minute changes will be brought to your attention.

The organizers reserve the right to alter any element of the manual.

This manual will provide you with the information you need to compete at the BLACKLAKE Xtreme Triathlon.

Competitors and their support crews must read this document and follow all advice:

## IMPORTANT

### PLEASE TAKE NOTE OF THE FOLLOWING:

- ★ The run course requires a mandatory safety kit for the entire distance with a full kit check at 10km (support runner required from 10km to 24km).
- ★ There will be a post-race buffet on Sunday at 10am. This is included in the entry fee for the Athlete + 1 Supporter. Additional Buffet tickets can be purchased at Race Registration.
- ★ Make sure you have the correct compulsory mountain kit before you get to the race.
- ★ Your kit will be checked at registration and must be brought with you for inspection.
- ★ Cut-off times! Please take note of these.

## COURSE

### OVERVIEW:

- ★ 3.8km Lake Swim
- ★ Transition 1 (T1) at Black Lake
- ★ 182km Road Bike
- ★ Transition 2 (T2) at Ski center Savin Kuk
- ★ 42km Run
- ★ 15km off-road run
- ★ Transition T2A at Sedlo after 10km run course (This acts as black shirt cut-off. From this point, black and white run courses are different)
- ★ Finish at Black Lake
- ★ Athletes are largely self-supported throughout the race.
- ★ Finish line for both BLACK and WHITE course is at Black lake. Finishers that finish black run course will receive BLACKLAKE black t-shirt and finisher that finish white run course will receive BLACKLAKE white t-shirt.

# SUMMARY

Start in National park Durmitor, at the Black lake, Žabljak, **Saturday, September 9<sup>th</sup> 2023.**

**The race will start at 04:30h.**

---

Race entry slots will be based on a first come first served, except at the race directors' discretion. Competitors must race with a support team accompanying them in a vehicle. Your support team must be able to communicate with the organizers in English or Montenegrin. Only one support vehicle is allowed per athlete.

We suggest that the support team consist of two adults. One must be fit enough to accompany the athlete in the latter stages of the run, consisting of steep trails (distance 14 km).

We also suggest that both crew members are capable of running if should back-up be required. It is not mandatory to have two support crew but is recommended.

Support is allowed during all of the bike leg and is subject to the conditions listed below. No support will be provided from the organisation during the bike leg. Runners must keep to the left side of the road (facing oncoming traffic) during any asphalt sections if there is no sidewalk. Montenegrin road traffic regulations must be strictly observed at all times by athletes and supporters. Time penalties are as follows:

- minor violations (yellow card) - 5 minutes,
- second violation (yellow card) - 15 minutes,
- third violation, major violations or dangerous behavior (red card) – disqualification.

For clarity – we have a **special rule** on littering:

Leaving litter (gel and bar wrappers, banana skins etc.) is an instant disqualification offence.

You can have run support for the entire run course if desired. It is mandatory to have support on the black course after T2a from 10th to 24th km and recommended for morale on the white course, but not required.

Basic aid station (food/fruit/water) will be provided by the organizers on the 10th km and 24th km of the run on Black course. However, we strongly advise that you plan for travelling self-sufficiently on this section (i.e. carry your own food/water). The cut off time to enter the Black course mountain route at T2A is 10:30h from the race start. Organizers reserve the right to change this due to unpredicted conditions.

We would hope to make this decision no later than race briefing, but it is possible that weather conditions can change very quickly on race day. In case of bad weather, the organizers reserve the right to cut the mountain route entirely, and if necessary will make this decision mid-race.

You will be informed via text message should this happen. If we have to close the mountain, competitors will be redirected to the white course.

Competitors achieving the black course cut-off time (and then finishing the white course) will be awarded a black t-shirt. Competitors who miss the black route cut off and then complete the white course (as normal) will get a white t-shirt.

Competitors who reach T2A before the cut-off time, and who are judged to be medically able, will be allowed to continue to Black course. All other competitors will have to finish on the white course.

You may have to finish in the dark, so make sure you do carry the mandatory good quality head torch. Support crews and runners must carry the mandatory kit on both the mountain and white courses as they are both on trails.

---

# FINISH AND CUT-OFFS

- The finish line will be at Black lake for black and white courses.
- Cut-off times at the mountain entrance (T2A – 10th km of the run) are as follows::

Before 15:00h	Proceed to the black course
From 15:00h to 17:30h	Proceed to the white course
After 17:30h	Do not proceed past T2A - Sedlo, the race is finished for you here.

# CANCELLATION POLICY

**Refund policy:** We strongly suggest you buy race insurance as we operate a no refund policy.

The entry slot at BLACKLAKE is strictly personal. It can't be transferred, sold or given to another person. Anyone who starts at BLACKLAKE using the start number of another person will be taken out of the race. These cancellation rules will be strictly maintained to protect the event from economic loss.

Thanks for your understanding.

# OVERVIEW

- Please be nice to marshals and other volunteers – they've given up their time to allow you to race.
- Please book your accommodation as soon as possible after you have received your confirmation.
- All info is available at: [www.blackxtri.com](http://www.blackxtri.com)

<b>T-Shirt ceremony</b>	SUNDAY, September 10 <sup>th</sup> , Black lake	<b>10:00</b>

# COURSE DESCRIPTION

## SWIM

3.8 kilometers swim in the Black Lake. Average water temperature for September should be between 13 and 17 degrees Celsius.

Wetsuits are mandatory and neoprene socks and caps are highly recommended if you feel the cold. Depending of the water temperature, we will make final decision about the neoprene gloves. The swim will start from beach just next to the transition zone. There is only 1 loop of the swim explained on the chart.

Only 1 supporter, wearing the supporter mark will be allowed to the swim exit area.

We highly recommend that support crews have hot fluids and warm clothing available at T1 for the athlete should they be very cold after the swim.

Note – Athletes cannot remove wetsuits until within the Transition zone.

SWIM course map

# COURSE DESCRIPTION

## BIKE

182 kilometers from the Black Lake. Travel East towards Njegoseva street and Vuka Karadzica street. Turn right onto the M-6 and travel 3.5 km to Kulas. Turn left on R-20. Keep on R-20 for 23km and keep straight on R-21. After 41km on R-21, take left on M-2. After 38km on M-2 in Mojkovac take left on R-10 towards Djurdjevica Tara and Zabljak. After 46km, take right over Djurdjevica Tara bridge. Sharp turn and after the bridge you will start final climb to the Zabljak. Keep on M-6 for next 21km. At Pejov do take left on M-6 for 2.5km. Take right towards Ski Center Durmitor on Moticki Gaj. In 4km you will arrive at the T2 which is located at the parking area of Ski Center Durmitor.

Athletes must take their bikes into the T2 transition area. Total ascent is over 3200 meters.

Please follow all marshal's advice and directions.

BIKE course map

# COURSE DESCRIPTION

## RUN - BLACK COURSE

From T2 at Ski center Durmitor the run goes South on a section of asphalt for 10km. At Sedlo you are arriving at the aid station and from there you are entering the mountains. This is also T2A and black/white cut-off station. From this point, if you proceed to black course, you need to have supporter for the next 14km.

The trail from that point has some slippery parts along the way, so tread carefully. We highly recommend using trail shoes. Going up on the north towards Bobotov Kuk the trails are rocky and the first challenging climb of the day.

The course on the mountain will be well marked, have marshals and mountain rescue service at locations where necessary, and is generally easily followed. Make sure you follow the markers and any additional instructions from the marshals.

You will follow a clearly marked hiking trail, but pay attention not to lose the trail as there will be no course markers above the tree line. There can be fields of snow on the trail or right next to it, which can make for an icy run. After 14km (24km total) you will be in Macanska poljana and from this point you can proceed alone. We will organize car transfer for supporter to the car parked in T2 and your supporter can support you from car from that point forward.

At km 25th you are entering forest and you are running forest gravel road (it is car accessible but with caution).

For the next 7km you are running through forest and at 32nd km you are entering asphalt portion of the course until the end of the race at the Black lake.

There will be a medical evaluation check at T2A (10th km of the run course) and if we think you are not able to continue we will make the call here – this is also a safe place for retirement if necessary. At T2A at Sedlo marshals will do a kit check for both you and supporter. If you have reached T2A before the cut-off time and are seen to be fit enough to continue on the black course, you will be allowed to do so. Total distance: 42km with 1.700m elevation.

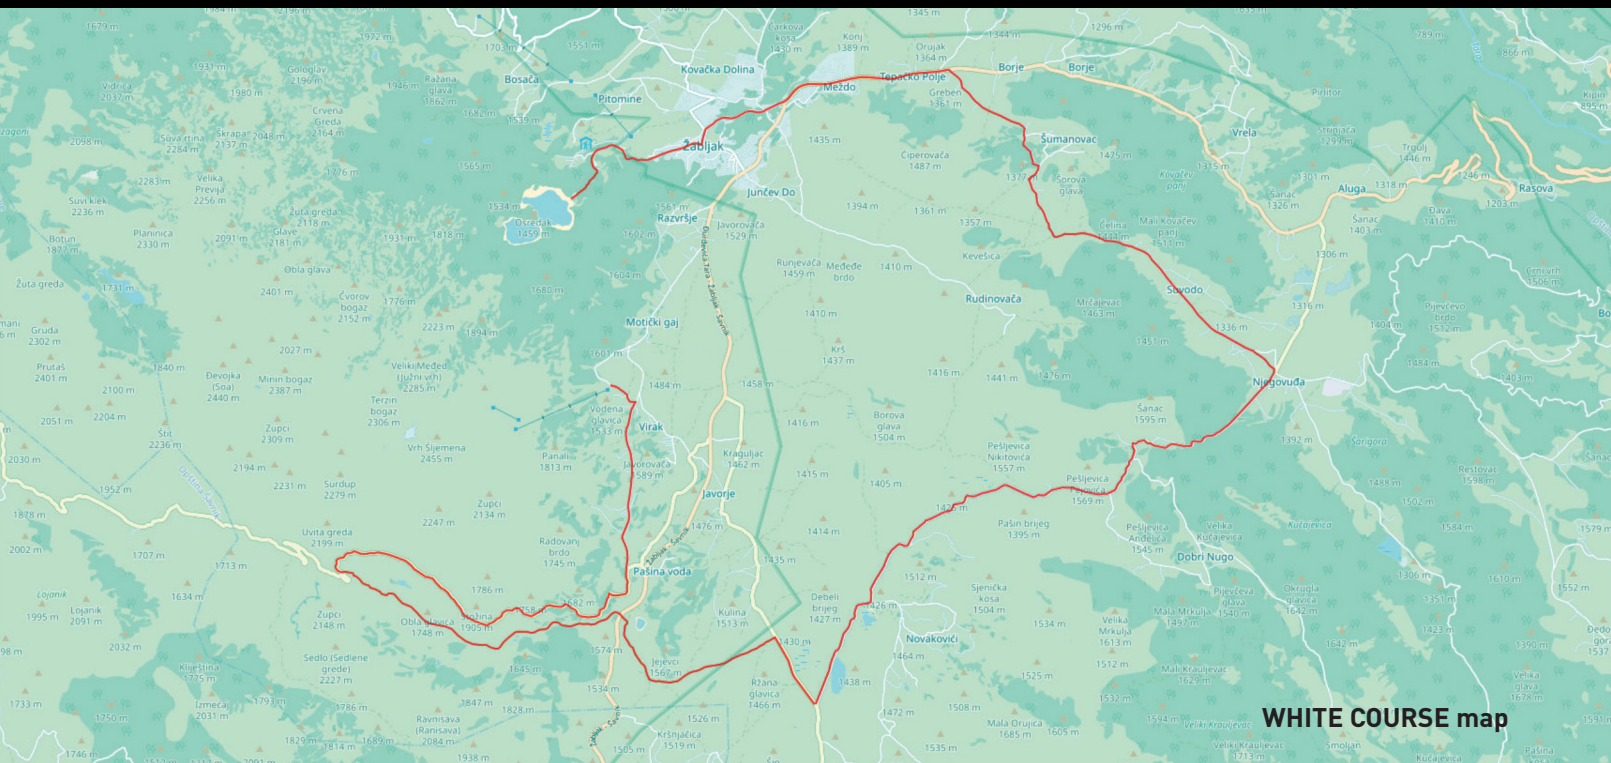

## RUN - WHITE COURSE

If you reach T2A after the black course cut-off time, you will be sent to finish the race on the white course.

You do not need to be accompanied by your support runner but you can be supported all the way on course. Course is accessible from the car from 17th km to the finish. From 10th km (T2A) your course will be trail run for the next 7 km. From 17th km until the finish line you will run on asphalt/concrete and there will be only 1km of the gravel road (car can pass on this road),. Total distance: 42km with 800m elevation.

# CUT OFFS

Cut offs are necessary because we are concerned about your safety. It is very dangerous to be on the mountain after dark or if you are too exhausted. You cannot continue in the race on your own or at your own risk. The following cut off times will be enforced.

SWIM CUT OFFS		BIKE CUT OFFS		RUN CUT OFFS	
✓	2 hours 15 minutes	✓	11:30 hours total	✓	T2A 10:30 hours total to enter mountain (Black course) up to 15:00h
✓	Up to 6:45h	✓	Up to 16:00	✓	T2A 13:00 hours total to proceed on White course (up to 18:00h)
X	OVER 2:15 – Finish at T1	X	OVER 11:30 hours – Finish at T2	X	Over 13:30 hours – Finish at T2A

# RULES

**BLACKLAKE Xtreme Triathlon** general rules are based on the rules and regulations of Triathlon Federation of Montenegro.

## Equipment:

- Full wetsuits are mandatory for the swim. Neoprene caps, vests and socks are strongly recommended if cold.
- GPS Tracker is to be worn at all times from T1 onwards (note: not during the Swim) - this piece of equipment is vital for your safety as we can locate you at any point. The tracker will alert us of inactivity and we can send help.
- Start number is not to be worn during the swim, and must be stored visible in T1, until the athlete exits the water.
- Start number must be worn (and visible) on the back during bike segment and in front during the run at all times.
- Bikes must be in good working order and road legal.
- Helmets are compulsory whilst riding your bike, and must be approved by a national accredited testing authority, or have the CE stamp.
- You are obligated to have fully operated front and back light on your bike because there are few tunnels along the route.
- No change of bike or wheels are allowed except due to mechanical failure. In this case the Race Office must be informed.
- BLACKLAKE is a **DRAFT FREE** race. You are not permitted to draft other competitors, nor are you allowed to have bike or vehicle drafting/pacing from your support team.
- There is mandatory equipment that must be carried by the athlete during the run. **There will be a compulsory check at registration** and a secondary equipment check at T2A (everyone will be held for two minutes so do not panic or think others have an advantage).

**Please remember to bring your kit to registration.**

# EQUIPMENT

It is mandatory for you to carry safety kit at all times as the run course is on trails, remote and at high altitude. Therefore, we need to you to have the following:

	ITEM
<b>RUN COURSE</b>	<ul style="list-style-type: none"><li>■ Fully waterproof jacket and pants (windproof jackets are not acceptable)</li><li>■ Hat + Gloves</li><li>■ Additional long sleeved thermal layer (top). This can be worn or carried</li><li>■ Sufficient food and water for the sections between aid stations</li><li>■ Mobile phone – charged</li><li>■ Headlamp</li><li>■ Basic 1st aid kit (bandage, plasters)</li><li>■ GPS Tracker</li></ul> <p><b>There will be a random kit check on this section so please beware!</b></p>
<b>SUPPORT RUNNER</b>	<ul style="list-style-type: none"><li>■ Identical kit to athlete, however between you it is ok to have:</li><li>■ 1 x 1st aid kit</li><li>■ 1 x Mobile phone</li></ul>

# GENERAL INFORMATION

## MEDICAL

Medical crew and marshals appointed by the organizers may remove a competitor from the race should they suspect that there is a health or injury risk to the competitor at any time during the race.

Drug Policy

The use of non-legal performance enhancement supplements/drugs is forbidden.

## PENALTIES

The Race Directors, on the advice of Race Marshals can issue time penalties for athletes or disqualify either athlete or support.

### PENALTY SPECIFICS

Minor violations (yellow card) - 5 minutes

Second violation (yellow card) - 15 minutes

Third violation, major violations or dangerous behavior (including being rude to race officials) (red card) - Disqualification.

Penalties will be served in T2 or T2A

## BIKE COURSE RULES

The bike course is open to normal traffic. Road traffic regulations must be strictly observed at all times. Be particularly careful and observant at left turns.

The following may lead to time penalties and/or disqualification

- Violating traffic regulations.
- Obstructing traffic by not holding to the right whenever possible.
- Use of headphones, headsets or mobile phones while on the bike.
- Pacing on the bike leg, either by car or bike.
- Drafting off another athlete or motor vehicle.

# GENERAL INFORMATION

## RUN COURSE RULES

The following may lead to time penalties and/or disqualification:

- The run course is open to normal traffic on road sections. Road traffic regulations must be strictly observed at all times.
- The following may lead to time penalties and/or disqualification:
- Runners must keep to the left side of the road during the road sections.
- No walking poles are permitted on the run course.
- Use of headphones, headsets or mobile phones on any tarmac sections.

## SUPPORT CREW RULES

The following may lead to time penalties and/or disqualification:

- The support team causing dangerous traffic situations.
- Failure to clearly mark support car with BLACKLAKE issued stickers and athlete number. (Only one support car per athlete is allowed.)
- Support from a moving car (All support must be given from outside of the car while parked.)
- Obstruction of normal traffic (Never attempt to drive slowly to keep the pace of the athlete.) There may be motorbike marshals roaming the course to enforce road safety.
- On the bike course you are not allowed to give support to your triathletes before support start point (30km of the bike course) and beyond support end point (165km of the bike course). Points will be marked with GREEN (start) and RED (end) flags.

## EXPECTED WEATHER CONDITIONS

Water temperature in the lake averages between 13 and 17 °C in September but in reality can be much lower.

Be prepared for cold water.

**Air temperature on the bike leg: 7 to 25 °C (45 to 77 °F)**

**Air temperature on the mountain: 2 to 15 °C (36 to 59 °F)**

The swim may be shortened or abandoned if the water temperature is unseasonably cold.

Bad weather on the mountain can force the organizers to close this route. The mountain checkpoint T2A will then be closed and the competitors will have to use white course. The checkpoint might close at any time during the competition. Wind, rain, fog and snow are the most likely reasons to close the checkpoint.

# AID STATIONS ON THE RUN

Support vehicles are able to access the run course. Black course: from 23rd km to the finish, white course: from 17th km to the finish. The organizers will provide basic aid/ food stations at 10km of the run (black and white courses), on the 24th km of the black course and on 18th and 28th km of the white course.

## MOUNTAIN SAFETY CHECKPOINT AT SEDLO (T2A)

There is a risk of extreme weather conditions on the mountain. Therefore, there will be a special checkpoint at T2A to assure that:

- You and your support crew are fit enough to continue through the mountain.
- Both you and your support have the necessary equipment in a backpack, containing the equipment listed above as a minimum – you may elect to carry more (and we would encourage this – the mountain can be a hostile environment). You must carry your own equipment. This will be checked at T2A.
- You will not be allowed to enter the mountain alone. If your support does not follow you into the mountain, you will be held back and paired with the next competitor (if they agree to this). This applies to all competitors.

# DESCRIPTION OF RACE DAY FOR THE COMPETITOR

**NOTE: Transition will be opened in the race morning from 3:30h.**

On the race day family, friends and support crews can be just next to the T1 and swim start.

Your support team will collect your GPS Tracker at T1. Beware that T1 closes at 4:15am so please make sure they are setup before then.

The swim is 3.8 kilometers in Black Lake. You will be accompanied by a water safety crew in boats and kayaks. There will be a lead kayaker to keep you on the race course – please follow it. This is very important for safety reasons. Please follow the instructions from these people. If you have any kind of problems, signal to the water safety crew. This will be discussed at race briefing.

In general, road surfaces on the bike course are good. The roads are NOT closed, and you will have to obey traffic rules.

T2 is in Ski center Durmitor. T2A is at the 10th km of the run course. If you have two support runners one of them may accompany you between T2 and T2A. Second can use car to drive to the point where athletes will enter mountains – 10km from T2 but be aware that this road is not so wide so pay attention and drive carefully. In case you have only one supporter and you aim to finish the black course, our suggestion is to leave car at T2 and have supporter from T2 to 24th km of the black course. From that point we will organize transfer for the supporter to the T2. In case supporter leave car at T2A he/she will need to organize additional transfer from T2 to T2A.

At T2A the medical crew will check your health condition, plus your compulsory equipment to make sure that it is safe for you to enter the mountain. You will be held for two minutes to allow this to be managed fairly.

You must take great care on the mountain route as you will be very tired and the terrain is harsh and steep.

The finish line will be at Black lake and your car can be parked 700m from the finish line.

# INFORMATION FOR THE BLACKLAKE SUPPORT CREWS

The BLACKLAKE is now part of an exclusive family (xtriworldtour.com) alongside the Norseman, Celtman, Swissman, Swedeman, Canadaman, ICON, Jánošík, Formosa, Himalayan Xtri and Fodaxman. We are all very different races but each one unique and exciting.

The route through amazing Montenegro wilderness is an unforgettable experience, but not without significant risk for the competitor. Having your own support is absolutely necessary to participate. Competitors are dependent on receiving support from the support team throughout the race. Besides being a necessity for security purposes, the support team is an important part of the BLACKLAKE atmosphere and experience.

Finishing BLACKLAKE is a victory that should be shared with family and friends. We will no doubt hear that the support team were just as enthusiastic about the BLACKLAKE weekend as the competitor, claiming that the experience was exciting and fun and strengthened friendship.

At least one person in a support team:

- Must be able to communicate with the BLACKLAKE organizers in English or Montenegrin.
- Must wear the BLACKLAKE support vest when entering the transition zones to pick up equipment.
- Must be available on mobile phone throughout the race and until Sunday evening, 6pm.
- Must accompany the athlete on the mountain section of the run.

## THE SUPPORT VEHICLE:

- Must carry stickers with the BLACKLAKE logo and the start number of the competitor on top left corner of the rear windshield.

## MAIN SUPPORT RULES:

- The support vehicle must follow Montenegrin traffic rules and posted speed limits and never drive directly behind or in front of the biker.
- The vehicle must always be parked off of the road.
- All support must be given from outside of the vehicle and never through a vehicle window. You are not allowed to support from a moving vehicle.
- Competitors may not sit in the vehicle at any time during the race, even if the car is parked.
- The support person may only pick up competitor's equipment in the transition zones when wearing the BLACKLAKE support vest.

**Breaking the rules above may lead to penalty or disqualification of the competitor.**

**BLACKLAKE**  
XTREME TRIATHLON MONTENEGRO

# RACE DAY

## T1 and Parking

There will be plenty of parking alongside the road near T1.

Clear the transition zone in T1

After your athlete has left on the bike we ask you to pick up the wetsuit and other equipment.

## Support zones

During the bike leg you are allowed to give your competitor support at any point where it is safe to do so and between start and end support flags, but you must park and leave the car off the side of the road. Please beware of the other competitors and the traffic behind you! Technical support is allowed when needed. Inform the race office of any change of bike or wheels.

### PAY ATTENTION!

Drive carefully. The views are spectacular at times, but focus on driving and be aware of competitors biking at high speed.

## Arriving at T2

Remember to take the bike and all of the competitor's equipment with you when leaving T2.

# THE RUN LEG

## Support during the run

There will be organizer-provided basic support stations on the run course at 2 points for the black course on 10km and 24km and 3 points for the white course on 10km, 18km and 28km. However, there is also compulsory equipment that must be carried by the athlete (see above for details). You will be able to support your athlete with the car from 23rd km to the finish on the black course and from the 17th km to the finish on the white course. Pay attention that there will be off the road portions on the run course but accessible with the car.

## Cut off and health check point (T2A)

At T2A the medical crew will check the health condition of your athlete, plus your compulsory equipment to make sure that it is safe for you to enter the mountain. You must take great care on the mountain section as your athlete will be very tired and the terrain is harsh. Don't forget that supporters also have to be dressed and ready to enter the mountain. You are not allowed to carry the competitor's backpack!

# FINISH LINE

Check that your athlete eats, drinks and puts on warm, dry clothes after crossing the finish line.

Don't forget photos. Restaurant at the start/finish line will be open for the competitors and support crew all the time.

You can park your car at the entrance of Durmitor national park, 700m from the Black lake.

# THE DAY AFTER

## Finisher ceremony + Brunch

Competitors will receive and celebrate their finisher T-shirts during the buffet brunch at the Black lake restaurant from 10:00h and finisher photos will be taken. The finisher ceremony with the nailing of tiles on the Wall of immortals will be held at the same location. The BLACKLAKE shop will be open, and there will be a "lost and found" for equipment forgotten in the transition zones.

# TOURIST INFORMATION

## Accommodation

We can help you with accommodation, transfers and tour. Please write us an email: [info@blackxtri.com](mailto:info@blackxtri.com).

# BLACKLAKE SHOP

**A BLACKLAKE shop** will be available at Black lake restaurant before and after the race.

# EVENT SCHEDULE

## FRIDAY, September 8<sup>th</sup>

Swim @ Black lake	09:00-10:00
Registration @ Black lake restaurant	10:00-19:00
Briefing @ Black lake restaurant	17:00

## SATURDAY, September 9<sup>th</sup>

Transition zone 1 opening @ Black lake	3:30
Race start @ Black lake	4:30

## SUNDAY, September 10<sup>th</sup>

Finisher shirt ceremony @ Black lake	10:00
--------------------------------------	-------

# SAFETY

- ★ If you withdraw from the race at any point from after the pre-race meeting, it is mandatory to inform the race office immediately by calling +382(0)67285549 (Viber/WhatsApp available)
- ★ If you cannot get through, please send a text
- ★ The national EMERGENCY number in Montenegro is 122, please use either in case an ambulance or rescue is required.

# ACKNOWLEDGMENT

By submitting this entry, I acknowledge having read, understood and agreed to the above, that I am aware and acknowledge the risks, terms and conditions and waive, that I release Blacklake Xtreme Triathlon, Multisport Academy Mayer and their partners from liability, and that I have executed this agreement voluntarily.
